**DEPARTMENT OF CSE, Dr. AIT**

## ACKNOWLEDGEMENT

The satisfaction that accompanies to this project would be incomplete without the mention of the people who made it possible, without whose constant guidance and encouragement would have made our efforts go in vain.

We consider ourselves privileged to express our gratitude and respect towards all those who guided us through the project, “**Gas Agency Management System**”.

We would like to express our gratitude to **Dr. Meenakshi M, Principal, Dr. A.I.T.**, for providing us the congenial environment to work in.

We would like to express our profuse gratitude to **Dr. Siddaraju, HOD, Dept. of Computer Science & Engineering, Dr. AIT**, for giving us the support, encouragement and providing us the required lab facilities that was necessary for the completion of this project.

As a token of gratitude, we would like to acknowledge our sincere gratefulness to the internal guide **Mrs. Veena Potdar Assoc. Prof. and Mrs. Asha KN Asst. Prof., Dept. of CSE, Dr.A.I.T.**, for his/her unlimited support and encouragement provided throughout the process.

We also express our gratitude and sincere thanks to all the teaching and non-teaching staff of **Computer Science & Engineering Department**.

Finally, yet importantly, we would like to express our heartfelt thanks to our beloved **Parents** for their blessings and our **Friends** for their help and wishes for the successful completion of this project report.

**Gayanand Patel**  
**Govind**

# **ABSTRACT**

The study was driven by recognition that the GAS AGENCY sector had recently experienced fundamental changes and that an approach to comprehensive project benchmarking had not been widely adopted to date.

Our project related to this background includes all the basic details about the currently present Administrator, Customer, Distributor, etc. We are implementing insert, update and delete operation in this database.

All the actions performed at the front end will be reflected at the back end. This can be used for both small scale as well as large scale data management in GAS agency companies.

## CONTENTS

<b>Chapter No.</b>	<b>Title</b>	<b>Page No.</b>
Chapter 1	Introduction	1
1.1	Overview	1
1.2	Characteristics	2
Chapter 2	Requirement specification	3
2.1	Software Specification	3
2.2	Hardware Specification	4
Chapter 3	Description	5
3.1	MySQL	5
3.2	MySQL 8.0 Command line	6
3.3	Er Diagram	6
3.4	Relational Schema	8
